November 25, 2013

To whom it may concern,

This is to confirm that Dr. Barry Stevens, President of TBD America Inc., has provided consulting services for JFE Engineering Corporation.

He assisted us to analyze competitiveness of our technology in the US oil & gas market. He provided us his best knowledge and abilities to complete the tasks and satisfy our needs. His information and insights had significant influence in our strategies in marketing and technology development.

What I was impressed most was his vast network in oil & gas industries, especially in the southern states of US. This enabled us to approach many potential customers and obtain their comments in very short time.

Yours faithfully,

A handwritten signature in black ink, reading "古谷 英也" (Furutani Shigeya).

Mr. Shigeya Furutani

Senior Engineer

Engineering Department, Overseas Business Sector

JFE Engineering Corporation
