February 27, 2014

Dear Dr. Barry Stevens,

On behalf of the LA New Product Development Team and Louisiana Tech University, I would like to thank you for your informative presentation on Innovation, Product Development and Team Building at Louisiana Tech University on the 27th of February, 2014.

We are fortunate to have had a guest speaker with such an impressive professional expertise and credentials volunteer his time to address the participants and serve as a resource person. You have answered many questions important for the Team at the beginning of its journey.

There were many positive comments about the quality of your presentation. The attendees of the presentation left motivated and inspired. The members of the LA NPDT are still talking about it.

It was an honor to be able to hear about your experience and ideas, and I look forward to working with you as a mentor of the LA New Product Development Team.

Sincerely,

Konstantin Dolgan

President of the LA New Product Development Team
